Bridging the
Gap in Fragility
Fracture Care

Dear Colleagues,
Dear Ladies and Gentlemen,

FFN invites you to join the 6th FFN Global Congress 2016 in Malmö, Sweden from 24–26 August 2017. The annual meeting is an international congress addressing the full pathway of care for fragility fracture patients. Its themes include perioperative care, surgical treatment, rehabilitation, secondary prevention, research and policy change.

The FFN Global Congress consists of invited international experts, plenary discussions, update sessions and free papers. The congress provides a unique platform to learn about new technical developments, state-of-the-art procedures and interaction with leading clinicians, researchers and other professional health workers and stake holders. This years motto is “Bridging the Gap”.

We are looking forward to welcoming you in Malmö in August 2017!

FFN IS BRIDGING THE WORLD'S ACTIVISTS

Our mission is to optimise globally the multidisciplinary management of the patients with a fragility fracture, including secondary prevention.

Our Goals

- ⊗ To create a global network of national alliances of fragility fracture activists
- ⊗ To spread globally the best multidisciplinary practice and systems of care for managing fragility fractures
- ⊗ To ensure that every fragility fracture becomes an opportunity for systematically preventing further fracture
- ⊗ To promote research aimed at improving the quality of fragility fracture care
- ⊗ To generate political priority for fragility fracture care in all countries

In the next five years, the FFN strategic focus will be to facilitate national (or regional) multidisciplinary alliances which lead to:

- ⊗ Consensus guidelines
- ⊗ Quality standards
- ⊗ Systematic performance measurement for the care of older people with fragility fracture
