**DEAR COLLEAGUES,
DEAR LADIES AND GENTLEMEN,**

The Fragility Fracture Network (FFN) invites you to join the 9th FFN Global Congress 2020 in Toronto, Canada from 24–26 September. The annual meeting is an international congress addressing the full pathway of care for fragility fracture patients. The FFN Global Congress consists of invited talks from international experts, plenary discussions, interactive update sessions and free papers. The congress provides a unique platform to learn about new technical developments, state-of-the-art interventions, international research and to interact with leading clinicians, researchers and other professional health workers and stakeholders.

This 9th FFN Congress is the first to take place outside of Europe and is symbolic of our increasing efforts to effect change globally. With the support of the FFN Regionalisation Committee, national Fragility Fracture Networks are being set-up across the world to enable high-quality multidisciplinary care for all patients with fragility fracture.

Recognizing that post-fracture care requires involvement of professionals from multiple disciplines as well as involvement of family and friends, this year's motto is "Ensuring Smooth Transitions in Fracture Care and Management."

We are looking forward to welcoming you in Toronto in September 2020.

Jay Magaziner, PhD, MSHyg.
President and Congress Co-Chair

Rhona McGlasson, PT MBA
*Chair of Local Arrangements Committee
and Congress Co-Chair*
